

The East-to-West
Pipeline Game

Best Use of Photography

(B-to-B, Under 100,000 Circulation)

The Maritime Executive Magazine has always been a stand out for its elegance in design and use of photography. It's no surprise that Folio Magazine, the leading publication designed to serve the publishing industry, chose a double page spread from the November/December 2011 edition of The Maritime Executive Magazine for its dramatic use of photography. The 2012 Folio Awards received more than 2,000 entries, finalist were narrowed down to 400 and in November the winners were announced.

The early opening of the Nord Stream pipeline is the latest gambit in the geopolitical chess match between Russia and Europe.
